Investment performance							
Investments option	Date of commencement	6 months	1 year	3 years p.a	5 years p.a	10 years p.a	Since inception p.a

i The long-term investment returns are not necessarily reflective of your actual return over the same period. This could be due to you moving into or out of the investment option at a time during the period, or due to the splitting of your superannuation across more than one investment option. Past investment performance is not a reliable indicator of future performance. (1) From 1 July 2013, the Balanced option, our default option became our MySuper product. The product dashboard for our MySuper Balanced option can be found at hostplus.com.au/dashboard
